In-Office Tubal Ligation (Permanent Birth Control) Offered at The Women's Center.

Oftentimes women who are done having children put off permanent birth control because of the complex surgery and hospitalization involved. Now, patients of The Women's Center can forego hospitals altogether thanks to the reliable and convenient in-office Tubal Ligation treatment from Dr. Gearity and his renowned team of OBGYNs at The Women's Center.

Patients can now schedule a consultation with one of the practice's doctors at any of their four locations throughout the Orlando area. There are many options to consider prior to this treatment, and the doctors at The Women's Center are prepared to answer any questions that the patient may have. Side effects include a shift in hormone production, libido, and the menstrual cycle, so patients will want to be aware of all aspects of the surgery before committing.

The Women's Center understands the busy schedules of today's women. This is why they have enacted a schedule that is convenient for all lifestyles. Appointments can be scheduled as early as 7:30 a.m., Monday through Friday, and doctors are on-call every Saturday. The practice maintains offices in Orlando, Hunters Creek, St. Cloud, and Clermont (now open on Saturdays).

The Women's Center maintains trusted affiliations with both the Winnie Palmer Hospital in Orlando and Osceola Regional Hospital in Kissimmee for Women & Babies. Specializing in Obstetrics, Gynecology, and Minimally Invasive Surgeries, The Women's Center has locations in Orlando, Clermont, St. Cloud, and Hunter's Creek. **To learn more about The Women's Center, visit www.thewomenscenteronline.com and find The Women's Center on both Twitter and Facebook.**
