## **In-Office Endometrial Ablation Offered at The Women's Center**

It's an unspoken condition that interrupts the daily lives of many women across the country — abnormal vaginal bleeding. Now, women who suffer from heavy periods or abnormal bleeding can correct this condition and get back to living stress-free lives with In-office Endometrial Ablation from The Women's Center.

The minimally invasive, 20-30 minute procedure is done in the offices of The Women Center — no need for a hospital visit. It is a sensible alternative to hysterectomies with little downtime and relatively quick recovery.

Patients can now schedule a consultation with one of the practice's qualified doctors at any of their four locations throughout the Orlando area. The Center's friendly medical professionals are prepared to answer any questions or concerns that the patient may have regarding In-Office Endometrial Ablation.

The Women's Center understands the busy schedules of today's women. This is why they have enacted a schedule that is convenient for all lifestyles. Appointments can be scheduled as early as 7:30 a.m., Monday through Friday, and doctors are on-call every Saturday. The practice maintains offices in Orlando, Hunters Creek, St. Cloud, and Clermont (now open on Saturdays).

-----

The Women's Center maintains trusted affiliations with both the Winnie Palmer Hospital in Orlando and Osceola Regional Hospital in Kissimmee for Women & Babies. Specializing in Obstetrics, Gynecology, and Minimally Invasive Surgeries, The Women's Center has locations in Orlando, Clermont, St. Cloud, and Hunter's Creek. **To learn more about The Women's Center, visit [www.thewomenscenteronline.com](http://www.thewomenscenteronline.com) and find The Women's Center on both Twitter and Facebook.**
