Follow The Women's Center on Facebook & Twitter.

The Women's Center now has profiles on both Twitter and Facebook. According to Dr. Yasmine Kareem, it was only natural for the practice to move into these online social spaces:

"These days, almost everyone uses social media in some capacity, so we understand the importance of being where our patients exchange information and socialize online. These platforms allow us to keep in contact with our patients and nurture our relationships with them... We now have the ability to instantly update them on new services, events, and health news."

Owner of The Women's Center, Dr. Douglas Gearity agrees:

"We treat our patients as if they are family. Facebook and Twitter keeps the communication open, personal, and real."

The Women's Center's Facebook Fan site and Twitter Feed can be accessed through the practice's new website, www.thewomenscenteronline.com, featuring downloadable forms, live news feeds, and doctor bios.

Since 1996, Central Florida's women have trusted the knowledgeable team of professionals at The Women's Center. The Women's Center maintains trusted affiliations with both the Winnie Palmer Hospital in Orlando and Osceola Regional Hospital in Kissimmee for Women & Babies. Specializing in Obstetrics, Gynecology, and Minimally Invasive Surgeries, The Women's Center has locations in Orlando, Clermont, St. Cloud, and Hunter's Creek.
