## **Laser Liposuction Being Offered at Metamorphosis.**

Metamorphosis, the aesthetic division of The Women's Center, will soon be offering Laser Liposuction services. Douglas E. Gearity, M.D., F.A.C.O.G., is bringing the service to answer the demands of clients.

"We have had many clients of Metamorphosis asking us about the procedure during the past few months," says Dr. Gearity. "We are capable of providing this service because of our many qualified, skilled professionals on staff." The doctor says that he and his staff are preparing their facilities for the procedure and should begin taking appointments and consultations within a few months or less.

According to Dr. Gearity, laser liposuction can be done in-office and under local anesthesia. He says that the laser gently "melts" away the fat so that it can easily be removed by a small suction device. "Results can be seen immediately," says Dr. Gearity. "And they continue to improve over 6 months after treatment."

Metamorphosis Manager, Colleen Fitch, M.S.N., A.R.N.P. says that Laser Liposuction can be used to treat any area of the body with fat deposits. She goes on to say that patients treating small areas of the body can potentially go back to work the same day of treatment. For a free Laser Liposuction consultation with Dr. Gearity and staff, contact the Metamorphosis front desk today.

-----  
Metamorphosis is a signature medical spa offering beautification and restorative services for the face, body, and soul. Services range from laser treatments, injectables, and dermal fillers, to facials, waxing services, and laser hair removal. It is part of the medical practice, The Women's Center, which maintains trusted affiliations with both the Winnie Palmer Hospital in Orlando and Osceola Regional Hospital in Kissimmee for Women & Babies. Specializing in Obstetrics, Gynecology, and Minimally Invasive Surgeries, The Women's Center has locations in Orlando, Clermont, St. Cloud, and Hunter's Creek.
